T201706403.01

WARM MIX PATCHING, NORTH, OPEN END, FY18-20, NEW CASTLE COUNTY

Thursday, July 06, 2017

Q #	Question	Answer
3	The term "Project Manager" is referenced several times throughout the plan notes, with various specific responsibilities. Is the "Project Manager" a representative of The Department or The Contractor?	The Project Manager is a representative of DeIDOT.
2	What is bid item 504001 with a quantity of 50,000 lf for if crack sealing is incidental per note 27?	Item 504001 will be used for sealing of the perimeter of new patches and for stand-alone crack sealing.
1	Note 27 on plan sheet 6 states "crack sealing is required and incidental to the applicable patching items." Without any location provided or knowing the actual size/dimensions of the patches it is impossible to quantify how much incidental sealing will be required. Will The Department delete this note and make all crack sealing a pay item?	Note 27 will be revised in Addendum #1. Sealing of the perimeter of patches will be paid under item 504001
