Q #	Question	Answer
1	Per the special provisions for Item 503503, the item is to be paid at a fixed price of \$5.65/sy-in; however neither the expedite file nor the proposal form fixes this price. Are we to bid at our price or at the fixed price of \$5.65? If it is to be \$5.65, will the file and forms be revised to reflect the fixed price?	This will be addressed via addendum.
