Q #	Question	Answer
1	Sheet 4 Section 200 Note 4 states mentions “gates” as items to be removed. Where is/are the gate(s) to be removed under item 211000?	This is a standard DelDOT note that generalizes the items that are included under the Standard Specification for Item 211000. For this specific contract a gate is not to be removed as part of the identified work. Please read all notes located within the entire plan set to identify specific items included under Item 211000.
