T201407701.01

STRUCTURE MAINTENANCE, NORTH DISTRICT, OPEN END, FY15-FY17, NEW CASTLE COUNTY

Thursday, May 15, 2014

Q #	Question	Answer
1	Item 605601 – Replacing Bridge Bearing does not appear to have sufficient detail to provide pricing. The special provision refers to details on the plans which do not exist. At a minimum we require the type and size of bearings to be replaced and the type & size of jacking to be required (max kips, lift from beams or from existing diaphragms or from new diaphragms, etc). Sample details would be helpful.	Item 605601 was deleted in Addendum No. 1.
