PAVEMENT & REHABILITATION, NORTH XIII, 2016, NEW CASTLE COUNTY

Tuesday, September 13, 2016

Q #	Question	Answer
2	<p>Plan sheet 18 references payment under items: Portable PCC Safety Barrier Truck Mounted Attenuators Portable Light Assemblies</p> <p>None of these items are actual bid items in the proposal; all of these items may be required due to the amount of guardrail replacement and the time restrictions until 8pm (sunset shortly after 7pm); where are we to include the cost for these?</p>	<p>The “Compensation for the following items.....” statement was included as a courtesy to advise the contractor that items such as these are not paid as part of item 763643. Portable Message Signs and Arrow Panels are included in the bid proposal. The contract will be performed under a “Road Closure Condition” where the other items should not be necessary. If they are found to be required they can be negotiated. Daylight Savings Time is on November 6, 2016 and anticipate this contract to be substantially complete by that date.</p>
1	<p>Where can the supporting documents plan sheets 21A through 21AH referenced at the bottom of plan sheet 18 be found?</p>	<p>Please refer to Addendum 1.</p>
