QUESTIONS AND ANSWERS

T201811001.01

Pavement and Rehabilitation North VIII, New Castle County

Friday, November 01, 2019

Q #	Question	Answer
4	Why is there not a Ride Specification for this project (SP 401580 – Ride Quality of Bituminous Pavement)?	The special provision for 401580 has been added by addendum.

Monday, October 28, 2019

3	Would the Department please provide all available as-built drawings and data for existing sign support structures to be removed under this project?	The available as-built drawings for the existing sign structures to be removed have been posted. They are for informational purposes. The sign for P-18 was replaced in 9.20.06 as a cycle of life and to update the word message.
2	Would the department please provide all available soil borings and geotechnical information for the sign support structure foundations?	The Sign Structure Foundation Report which includes the soil boring and geotechnical information for the sign support structures have been posted. This report is provided for informational purposes only.

Wednesday, October 23, 2019

1	Will cross-sections be provided for this project?	As per Sheet 6 in the plan set, cross sections will not be provided for this project.
