QUESTIONS AND ANSWERS
DOT1602-WILM_ADMN_DEMO
WILMINGTON ADMIN SITE DEMOLITION, NEW CASTLE COUNTY
Thursday, January 07, 2016

Q #	Question	Answer
11	Is there OJT in the Specs?	No.
10	Is there a DBE Goal for Wilmington Admin Site Demolition, DOT1602?	No.

Tuesday, January 05, 2016

9	Is a flagger required 24 hours per day, 7 days per week for the duration of the sidewalk / lane closure to direct pedestrian traffic?	A pedestrian flagger is not required, Note 3 can be disregarded on the Pedestrian MOT plan. There is no flagger on the lane closure plan. If a flagger is used by the contractor for their purposes, it would only be for the hours of the lane closure.

8	Will there be an .EBS file posted to the site for bid submission through the Bid Expedite software? Are the bids to go through the Expedite software?	No.
7	Does the Asphalt parking lot in area of demolition need protection?	Section 024116 Paragraph 3.2.C.2 requires the contractor to protect existing site improvements, which one would reasonably assume includes the asphalt parking lot. Paragraph 3.6 also speaks to protection of existing facilities.
6	Will there be a requirement for soil erosion?	The intent of the project is not to disturb soil, so soil erosion control isn't anticipated. The specs do say that if soil needs to be disturbed, notify DTC prior to starting work. The assumption is that any necessary soils work would be a change order and may (among other things) require soils erosion control.
5	Are the any UST located on site? If so who will be responsible for the removal?	No USTs.
4	It is my understanding disconnects, Water, Sewer, Electric, Gas, Verizon and cable will handled by others as per meeting on December 16.	Owner will disconnect utilities

Q #	Question	Answer
3	Are there Plans/ Drawings of the buildings that are scheduled for demolition?	This contract does not have drawings, only specifications for the demolition.
