Q #	Question	Answer
5	Will the Department please reconsider the lane closure restrictions depicted on note 45? Per the note, work hours are only 9a-6p, and Friday and weekend work is not allowed April-October. Typically, 10 – 12 daytime hours a minimum of 5 days per week are allowable on these types of local roadways with very light traffic volume.	At a location specific request from the Contractor, the department will strongly consider extending the hours and days based on the specific location and date being requested. This is historically consistent with like contracts.
