Questions and Answers

Project Number: T202707502

Project Title: OPEN END - STRUCTURE MAINTENANCE, CENTRAL DISTRICT, FY27 - 29

Posted to Web Site: Wednesday, September 23, 2026

Q #	Question	Answer
4	Are there any DBE requirement goals in place for this project?	This is a State-funded contract; therefore, DBE requirements do not apply.
Monday, September 14, 2026		
3	The contract duration is 1,095 days. The Department has historically included a provision to negotiate price increases after each calendar year. Will this be the case this time?	No.
2	The special provisions for Item 801500; Maintenance of Traffic, Rehabilitation indicate that temporary signs, drums, cones, arrow panels, and TMA's are to be included in the lump sum price. The proposal also contains separate pay items for these same devices. Please confirm that payment for the devices will be made under the individual contract items (802003, 803001, 805001, 808002, and 810001) and not be considered incidental to the lump sum under Item 801500. If not, please advise what the individual items are to be used for since there are no plans or locations.	The TA's called out in the breakout sheets are the ones anticipated to be used. Any other TA's required will be covered by the individual contract items.

Q #	Question	Answer
1	Item 801500; Maintenance of Traffic, Rehabilitation is a LS item with a Breakout Sheet. The project is open-ended with no predetermined locations. The Breakout Sheet lists estimated quantities for four (4) different traffic applications that could be used. Please confirm that payment will be based on the quantity/price of each TA actually used during construction as listed on the breakout sheet. If not, the breakout sheet quantities will not be related to the actual work and we will need the Department to advise what we are to base our pricing on since there are no plans or locations for us to determine	The price bid on breakout sheets for the TA's listed for each day are the prices that will be paid.
